ABOUT ME

I'm an animation artist with a passion for creativity and storytelling. I thrive on new challenges that push the boundaries of imagination—whether it's designing compelling characters or crafting immersive real-time environments. With a strong foundation in sketching and a deep interest in bringing ideas to life through animation, I enjoy turning concepts into visually engaging experiences.

EXPERIENCES

I am currently a final-year (TY) student specializing in animation. While I may not have formal industry experience yet, I have developed strong foundational skills through academic projects, personal creative work, and hands-on practice in areas such as interior design, video-Editing, Digital Cinematography for film-making, Banner and Poster design, character sketching, 3D modeling, and real-time environment design. I'm eager to apply my learning in a professional setting and continue growing as an artist.
